UKMT Senior Mathematical Challenge 2025

Dear Parents,

On Friday 10th October 2025, students in Years 11, 12 and 13 will have the opportunity to take part in the UKMT Senior Mathematical Challenge (SMC). The SMC consists of 25 multiple choice questions, each worth 4 marks, and it will take 90 minutes to complete. We plan for students to complete the SMC within school hours.

Students are warned that the SMC is challenging: we encourage strong mathematicians to sign up, especially those who are considering studying Maths or a related subject at university. The SMC is recognised by universities around the world - a high score in the SMC will strengthen students' university applications.

The cost of entry for the SMC is **720,000 VND**. To enter this competition, students need to pay the entry fee in cash to the office by **Friday 26th September**.

Please do not hesitate to contact me should you have any questions.

Yours sincerely,

William Sawtell

Head of Year 8
Teacher of Mathematics
