

English	Maths
<p>We will be studying 'The Firework Maker's Daughter' by Philip Pullman.</p> <p>We will immerse ourselves into the story and use it to create a range of writing.</p> <p>These include:</p> <ul style="list-style-type: none">• Description• Newspaper Report• Narrative <p>The Firework Maker's Daughter by Philip Pullman</p> <p>As we read this adventure story we will explore cultures and gender stereotypes as we follow the main character Lilo on a journey that all aspiring firework makers must go on. Using this text the children will write a diary, a narrative and a letter. For each writing outcome we will delve into what makes a good piece of writing fitting with each genre.</p> <p>Some of the main areas of focus will be:</p> <ul style="list-style-type: none">• Using ambitious vocabulary• Making inferences about characters• Proofreading and editing work• Using a range of punctuation• Using relative clauses appropriately.• Direct and reported speech <p>Links:</p> <p>Meet the Author https://www.philip-pullman.com/</p> <p>The Firework-Maker's Daughter in 5 Minutes! https://www.youtube.com/watch?v=emuMrXXjM94</p> <p>Grammar Support https://www.topmarks.co.uk/english-games/7-11-years/spelling-and-grammar</p>	<p>This term we will cover:</p> <p>Area and Perimeter</p> <p>The children will explore formulas for calculating the area and perimeter of rectangles. They will also work with rectilinear and compound shapes, which will include finding missing dimensions.</p> <p>Properties of shapes</p> <p>The children will learn how to use a protractor accurately, as well as estimating and calculating angles. They will also learn about regular and irregular polygons and develop their reasoning skills when working with 3D shapes.</p> <p>Position and direction</p> <p>The children will recap describing positions on a grid, They will then learn to translate and reflect shapes in the four quadrants.</p> <p>Volume and capacity</p> <p>The children will recognise and work with cubic centimeters, estimate and calculate volume as well as compare the volume of different shapes. They will conclude this unit by estimating capacity.</p> <p>Converting measures</p> <p>The children will learn to convert metric measures and apply this to problem-solving. They will also look at imperial measures and begin to make some conversions with metric measures. They will complete this unit by looking at time and reading timetables.</p> <p>Key Words:</p> <p><i>Faces, edges, vertices, regular, irregular, angles, protractor, polygons</i></p> <p><i>metres , kilometres, grams, kilograms, conversion, metric, imperial</i></p> <p><i>quadrant , co-ordinates, axis, translate, reflect, mirror line/ line of symmetry.</i></p> <p>Web Links:</p> <p>https://www.topmarks.co.uk/Search.aspx?q=3D+shapes</p> <p>https://www.topmarks.co.uk/maths-games/7-11-years/measures</p> <p>http://www.amathsdictionaryforkids.com/</p> <p>https://play.trockstars.com/ttrs/dashboard</p>

<u>Science</u>	<u>Computing</u>
<p>Forces (Continued) The children will conclude this unit by learning about simple mechanisms including levers, pulleys and gears. They will carry out practical investigations to explore how each of these work and explore the laws of physics associated with them.</p> <p>Key Words/Links: <i>Mass, weight, force, direction, push, pull, gears, levers, pulleys</i> KS2 Science Quiz: Dive into Forces Exploration</p> <p>Earth and Space This Science topic will investigate the interactions of the planets in our solar system. The students will study how the elliptical movement of the Earth around the Sun affects us. They will then go on to research about our own solar system as well as the universe beyond this.</p> <p>Key Words/Links: <i>Solar system, elliptical, orbit, phases, planets, gibbous, moon, waxing, waning, dwarf planet, seasons, year.</i></p> <p>Solar System 101 National Geographic https://www.youtube.com/watch?v=libKVRa01L8</p> <p>https://spaceplace.nasa.gov/menu/solar-system/</p> <p>https://learnenglishkids.britishcouncil.org/read-write/readin-g-practice/level-2-reading/solar-system</p>	<p>Data Handling with Google Sheets In this unit, the students are moving beyond just typing numbers into boxes. They will be learning how to:</p> <ul style="list-style-type: none"> • Structure Data: Understanding how to organize information into rows and columns so it's easy to read. • Use Formulas: Teaching the computer to do the math for them (the ultimate "work smarter, not harder" hack). • Visualize Information: Turning boring tables of numbers into vibrant pie charts and bar graphs. • Analyse Trends: Asking questions of their data, like "What was the most popular snack in the class survey?" or "How much did we spend on our virtual budget?" <p>Key Words: <i>cell, column, row, formula, google sheets, range, function, average, value, sort and filter.</i></p> <p>Web Links: Intro to Google Sheets https://www.youtube.com/watch?v=Dtx2z_3A3Gs</p> <p>Google Sheets for Students Episode 1 Introduction to Sheets https://www.youtube.com/watch?v=5dszwwgIVENg</p>
<u>Humanities</u>	<u>PSHE</u>
<p>North and Central America The children will use maps, atlases, globes and digital mapping to locate the countries of North and Central America. They will also begin to identify key human and physical features of these countries.</p> <p>Key Words: <i>Continents, countries, states, capital cities, topography, climate, hemisphere, longitude, and latitude.</i></p> <p>Web Links: https://kids.kiddle.co/History_of_Central_America</p> <p>https://kids.britannica.com/kids/article/North-America/353542</p>	<p>Be yourself This unit is inspired by the idea that we are all individuals and that it is important to 'be yourself'. It aims to encourage the children to develop a positive view of themselves and enable them to recognise the importance of being proud of their individuality</p> <p>Key Words: <i>individuality, positivity, self-image, self-worth, pride</i></p> <p>It's My Body In this unit of work, children will learn about how to take care of their bodies. This will involve learning about consent and autonomy, learning about body image and stereotypes and learning about substances which are harmful to our bodies. Children will also learn about the importance of sleep, exercise and hygiene.</p> <p>Key Words: <i>consent, autonomy, body image, stereotypes, hygiene, health, exercise.</i></p>
Special Notices	
<ul style="list-style-type: none"> • Encourage your child to practise their multiplication tables up to 12 x 12 using TTRS. • Encourage your child to read regularly (fiction and non-fiction books) either using Bug Club, Sora or physical books. • Encourage your child to practise their spelling words regularly and to write them into sentences. • Ensure that your child completes their homework by the specified deadline.
